

**All we accomplish is only possible because
our passion is supported by great people like you.**

Cooperative for Human Services Inc. is finishing another momentous year on behalf of people with disabilities. This year we have been able to serve more people than ever before. It has been a good year too for thoughtful and effective innovation, new programs and home renovations.

**We are invested in tried and true programs
while developing new and exciting ways to serve.**

We are driving the future of service delivery through improvement of processes, technologies that drive efficiencies and innovations that break through operational issues. We have consistently achieved the highest ratings from the Commonwealth of Massachusetts for service quality and program effectiveness because of our creative caring and consistent commitment.

We continue to set the standards for community services.

Evolution of Excellence has been our internal campaign for nearly a decade. It encompasses **renewing** staff engagement in the work, **re-energizing** the organization through creative solutions, and **re-committing** to advocacy for those we serve. It is truly a daily process that fuels our passion for what's possible as an organization. It is much like the drive that can be found in each individual's story.

Together we have built an incredibly strong force for caring.

We continue to tackle complex issues few others are discussing not only for individuals with disabilities but for our staff. We have open dialog with our direct support staff around integrity, unity, caring and gratitude. Other important and relevant topics we focus on, arising from the problems we face today, are dignity and acceptance, comfort in the community, and accountability.

**We want to do much more ...
to continue this good work we need your involvement.**

Please contribute.

Sincerely,

Kevin J. Leahy
Chief Executive Officer

To continue our work we need your support and depend on your generosity.
