

Dear Families and Friends,

While looking back over the past year of unprecedented challenge, rapid change and extremely limited resources, in reflection, through vigilance, purposeful engagement and constant caring, we are succeeding. The need for our services continues to grow and expand exponentially and we are supporting more and more people in every stage of adult life.

We are providing long term care for an increasing number of people aged sixty-five and older, with some in their late eighties and nineties. At the same time the number of young adults served by the organization has grown significantly as well. This global pandemic has taught us that through good planning, dedicated staff, and a constant supply of the right materials, equipment and guidance, people grow, thrive and continue to enjoy life even during difficult times.

In the face of these adverse circumstances we continue to find new and creative ways to respond to the dramatic social, health and community challenges faced by us all. We find adversity has led us to create new and better ways to keep people connected to their siblings, parents and friends. We know that personal connection is a crucial component and we continue to focus on this as it is fundamentally important.

You can help us continue to make the difference. You can help us secure a bright future for all the people we serve. With your generous donation, we *want* to do more, we *can* do more and we *will* do more. Please give today. *You really can make a difference.*

Sincerely,

Kevin J. Leahy
Chief Executive Officer
